

Overview	Students arrive at WHGS with a variety of language learning experiences. In Year 7 we introduce students to the Francophone countries and their cultures, phonics, grammar and key language they can use to talk about themselves, their friends and their family and school. We envisage that by the end of Year 7, students will have a good understanding of the French sound and spelling system, adjectival positioning and agreement, as well as a sound knowledge of key regular and irregular verbs in the present tense; we will touch on near future at the end of the year.
-----------------	--
