

Overview	By June of Year 11 students will complete their 2-year GCSE course. They will prepare for and sit four exams: Listening, Speaking, Reading and Writing. Each examination is worth 25% of the final grade. Students finish the year by revisiting all topics via in-class and intervention revision sessions. Remaining time is structured to ensure that all language is revisited and that the skills required to master a minimum of three time frames are covered. The ability to express opinions and justifications confidently are completely embedded; as well as revising the numerous complex structures necessary to attain the top grades at GCSE.
-----------------	---
